Amateur Athletic Union to Hold Meeting

New York, Oct. 25.—The annual meeting of the Amateur Athletic union, to be held in Philadelphia on Nov. 17 and 18, promises to be one of the most momentous in the history of the organization, Questions having to do with the readjustment of track and field athletics after the war and problems arising from the present conflict will be laid before the delegates for their consideration and decision. Their verdiet will have far-reaching effects and the various officers and other representatives of the union are collecting data in order to be prepared to meet these issues squarely and fairly.

Among the subjects that are to be considered are resolutions barring from all national championiship games athletics of foreign affiliations and the status of an athlete after the war and problems. Track and field—19 junior events, 19 senior events, all around and five relay races. Decathlon, Pentathlon, 10 the promises to be one of the jurisdiction of the jurisdiction

athletics of foreign affiliations and the status of an athlete after the war who, during the hostilities, occupied a position as coach, instructor or physical director at a cantonment or with the service units abroad. The ques-tion of allotting the various championship meets at this meeting instead of lafer in the season will also come up

Of these, the most important is undoubtedly the one bearing on the amateur status of the athlete who durng the war has accepted pay for acting in the capacity of instructor or recreation director at a service camp. Under normal conditions such action would immediately disqualify and pro-fessionalize such athlete. In the pres-ent circumstances, however, such action bears an entirely different aspect, the work in many cases being carried on for patriotic reasons and at a heavy financial loss as well as at the expense of broken home ties. As a result it is confidently expected that the follow-ing resolutions introduced to cover the bergency, will be quickly adopted:

"That in accepting such positions many have done so at a great sacrifice, eaving their homes, families, business, positions, etc., to go far from home or over the seas, feeling that in this way they could be useful in helping to win the war. Be it therefore

Outdoor swimming—Senior events: 100 yards straightaway, 440 yards, \$50 yards, one mile, long distance, high diving. Junior events: 440 yards, one mile, high diving.

Indoor swimming—Senior events: 50 yards, 10 0yards, 220 yards, 500 yards, back stroke, 150 yards, breast stroke, 200 yards, fancy diving from spring-board, plunge for distance, relay, 460 yards four men, water polo.
